The TYA Thunder were a new team formed with both U10 players and U9 players playing up an age group. Most of the boys had very little competitive soccer experience. They came together during the season to achieve a very respectable record of 2- 6- 2. We played in a few out door tournaments and one indoor tournament. Plans for next year, will include 3 to 4 out door tournaments and more indoor soccer. The team will be an age pure team. To achieve the best we can the team will spend more time on the fundamentals at training. Also I would like to see the players attend a team soccer camp this summer.

Emphasis will be on skills, team play, sportsmanship and fun.
